Title: Handwashing Requirements
Category: Hygiene
Version: 1.0
Active: true

Content:

Purpose: Prevent the spread of germs to food, drinks, and guests.

1. Wash hands at the start of every shift, after breaks, after using the restroom, after handling cash or trash, and after touching your face or hair.

2. Use warm running water and soap. Scrub for at least 20 seconds, including between fingers and under nails.

3. Rinse and dry with a single-use paper towel. Use the towel to turn off the faucet.

4. Use only the designated handwashing sink. Never wash hands in the prep sink or the three-compartment sink.

5. Change gloves whenever you change tasks, and wash hands before putting on new gloves.
